

125mm High Temperature Casters with Brake & Phenolic Wheel

125-3360-TH/SWB

This 125mm medium duty swivel top plate braked castors with a termotex phenolic resin wheel suitable for medium/heavy duty applications, medical equipment, catering equipment and food manufacturing trolleys. The zinc plated castors are strong and durable and the termotex phenolic resin wheels are resistant to temperatures from -40C to +180C maximum. The foot operated brake simultaneously brakes both the swivel head and the wheel.
