

160mm Fixed Non Marking Blue Rubber Castors

160-3368-RNB

This caster wheel is made of a zinc-plated housing which ensures the castors are robust and suitable for a variety of environments. This fixed caster wheel, with non-marking blue rubber wheels are suitable for trolleys, equipment and general purposes. The non marking blue rubber wheel with roller bearings means the castors are quiet to move, will not mark the floor and will carry significant loads. Fixed castors can be teamed up with swivelling castors and braked castors for maximum control when moving.
