

Steel Folding Pull Handle M10 x 198

SFPHM10X198

This folding pull handle is ideal where space, ergonomic or safety considerations demand that the handle minimally protrudes. The handle features a 90° folding mechanism which gives plenty of space to grasp when in use, whilst also requiring very little space when folded away.

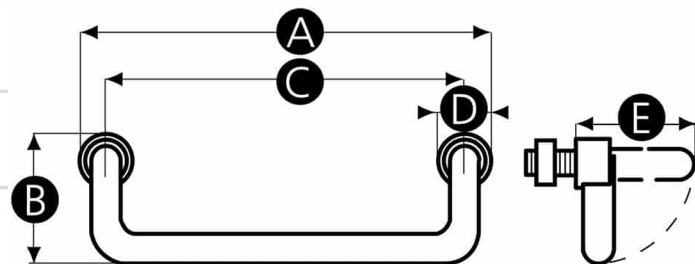

The highly polished chrome plated steel finish is durable and modern in appearance.

Technical Specifications

B	Height (mm)	42
A	Length (mm)	198
	Product Type	simple
	Thread Size (D1)	M10
D	Thread Length (L) (mm)	15
E	Handle Width (mm)	51
